

European Union Network for the Implementation and Enforcement of Environmental Law

Murcia, España, 3rd & 4th of May, 2023

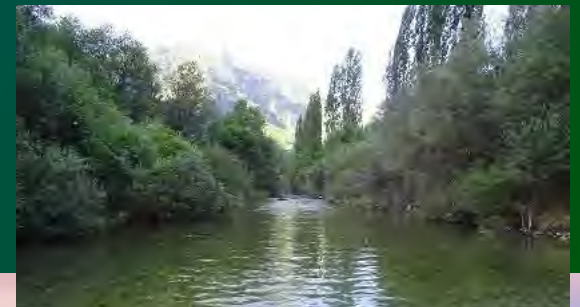

## Meeting and joint inspection of the sWG 10 on Industrial Rearing of Poultry and Pigs (IRPP)

# You are very welcome!

Braulio José Belmonte Marín.  
Ingeniero Agrónomo.  
Dirección General de Medio Ambiente  
Consejería de Medio Ambiente, Mar Menor,  
Universidades e Investigación.

The Region of Murcia is located in the southeast of Spain and borders Andalusia, Castilla-La Mancha and Valencia. It has a dry Mediterranean climate the average annual temperature is  $15^{\circ}\text{C}$  to  $18^{\circ}\text{C}$  according to areas. The territory of Murcia easily passes from arid areas located in the basins of the south of the peninsula to the meadows formed by the Segura River and from there to the Mediterranean Sea.

The total population of the Region of Murcia is 1.531.878 inhabitants (INE 2022). The region is one of the largest producers of fruits, vegetables and flowers in Europe. It also has an important tourism sector. Its industry stands out for the petrochemical and energy sector, centered in Cartagena, and the food industry.

The European Union Network for the Implementation and Enforcement of Environmental Law (IMPEL) is an international non-profit association of the environmental authorities of the European Union Member States, acceding and candidate countries of the EU, EEA and EFTA countries and potential candidates to join the European Community.

IMPEL has 55 members from 36 countries

ABOUT

IMPEL Industry and Air Expert Team Steering Committee met in Brussels and had a meeting with the European Commission

IMPEL's mission is to ensure effective, efficient implementation and enforcement of European environmental law by promoting professional collaboration and sharing of information and best-practice between national, regional or local environmental competent authorities.

---

**IMPEL organises its work into five thematic areas/expert teams:**

- 1. Industry and Air,**
- 2. Waste and TFS,**
- 3. Water and land,**
- 4. Nature protection,**
- 5. Cross-cutting tools and approaches.**

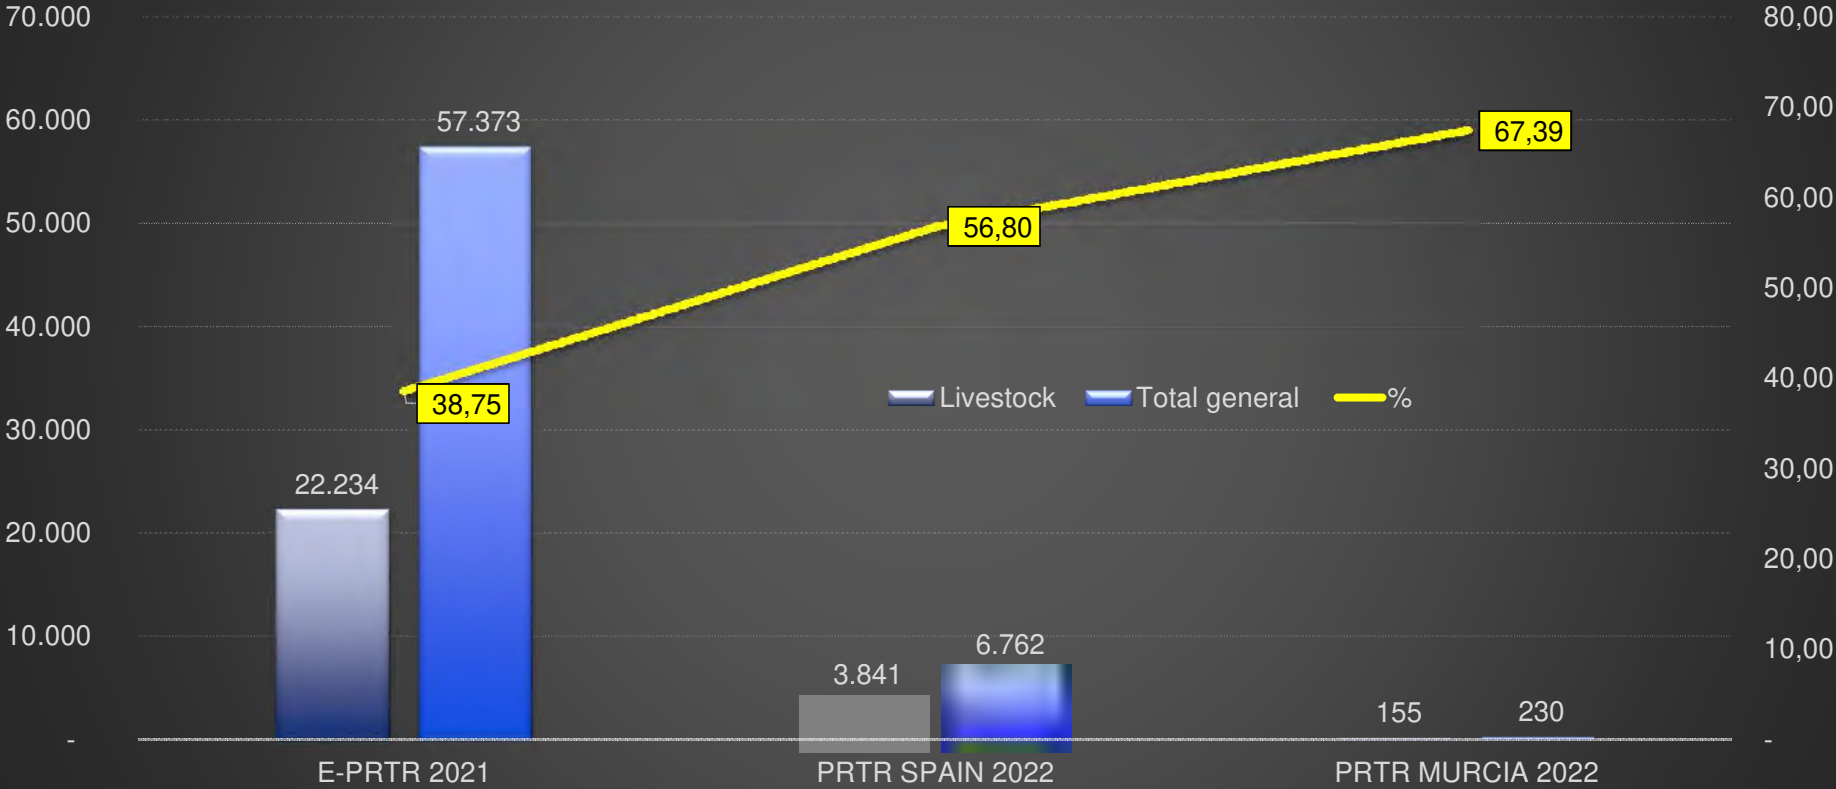

**IMPEL's 5 Expert Teams are forums for our members in which they can develop projects and activities based on member needs and key implementation gaps, relating to implementation of the main legislative drivers within the EU.**

**Since IMPEL's set up in 1992, more than 100 projects have been completed and various guidance materials, manuals, and tools have been produced.**

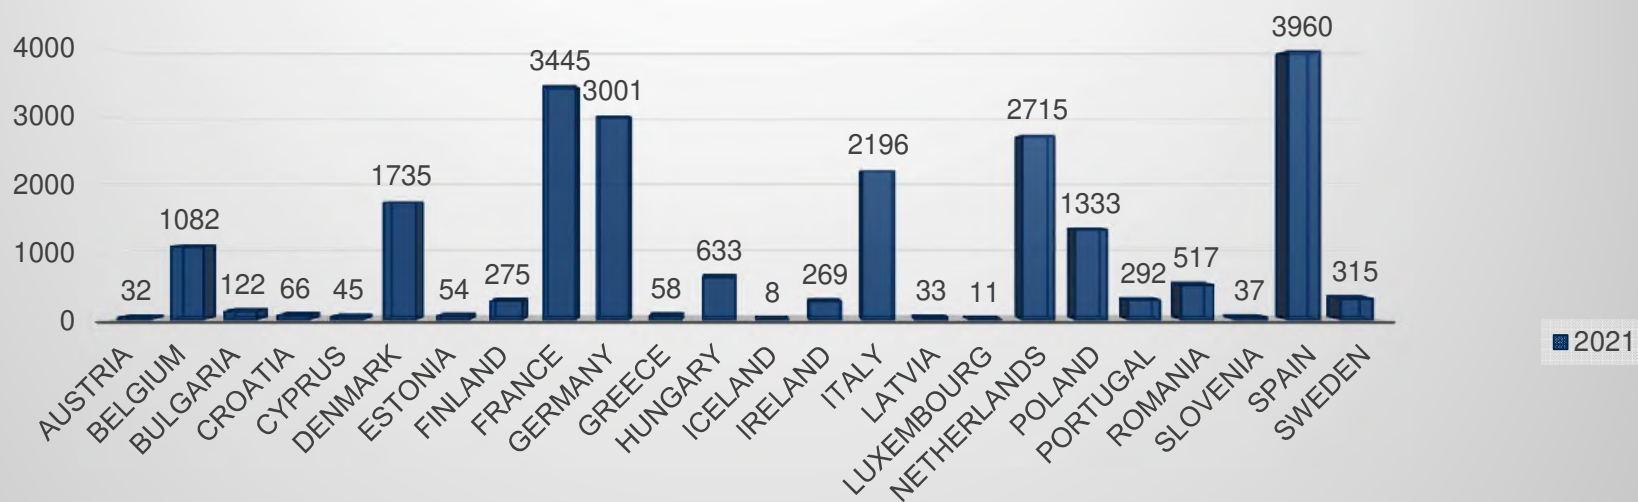

---

**The work programme for 2022-24 includes 8 projects with 47 subprojects/ working groups.**
